Use as much of Martin's time as you can. He might as well jump in and help on this pending permit project. thanks

That's great, Mike. I also feel really good on the 316(b) sections for the Lower Columbia and Lower Snake River permits.  
**Ex. 5 Deliberative Process (DP)** I did get a call from BOR yesterday afternoon on 316(b) at the Grand Coulee, so will hopefully talk with them today.

Re: Lower Snake permits and fact sheet, thanks for reviewing, Courtney. Susan, this PM sounds good. Mike, I'll have something for you to sign either later today or tomorrow.

I'll update the permit tracking status, but just FYI, the next steps are the following:

- 1) talk with tribes this afternoon on the permits (same presentation I gave to the Federal Caucus yesterday) – will write in permit tracker notes issues that were raised
- 2) Write 401(a)(2) letters to Oregon DEQ for Lower Columbia and Lower Snake dams for Mike's signature.
- 3) Finish Grand Coulee for internal review to Courtney and Susan by Monday AM, 9/24 (somewhat pending conversations on 316(b) – I'll check in with Susan and Courtney if they'd like to RW ).
- 4) Start on BE.

Also, Martin helped out with the final clean-up on the Lower Columbia and Lower Snake permits, so thanks very much for the help, Martin – not bad for 2 days on the job! I'll be involving him on the BE and possibly the Grand Coulee.

Thanks for the help and reviews,  
Jenny

I just signed the cert request letter for the lower Columbia permits and passed it back to Audrey. The permits and fact sheet looked great, particularly the 316(b) sections! Well done. Thanks Jenny for the great work and Susan and Courtney for the support. - Mike

**Subject:** Lower Snake Hydro Permits

I just finished my review of the fact sheet and two permits (Lower Monumental & Ice Harbor). Since I only had minor edits to the permits, I decided to forego review of Little Goose and Lower Granite (you can just make the same edits in those permits). Nothing glaring...just minor edits, etc. I concurred on the routing sheet. Let me know if you want to discuss, etc.
